Expedition Packing List: Ecuador

GENERAL

- Expedition Logistics Document
- Your travel plans, rendezvous details, and Earthwatch's emergency contact information
- Photocopies of your passport, flight itinerary, and credit cards in case the originals are lost or stolen; the copies should be packed separately from the original documents
- Passport and/or visa (*if necessary*)
- Certification of vaccination (*if necessary*)
- Documentation for travel by minors (*if necessary*)

CLOTHING/FOOTWEAR FOR FIELDWORK

Note: *Clothing will get wet and dirty, and a washer and dryer will not be available. Clothes can be hand-washed at the station but must drip dry, which can sometimes leave clothes damp depending on the weather. Bring enough clothing to ensure you always have something warm and dry. Also, note that light and neutral colors attract fewer insects.*

See the "What to Bring" comments on the Yanayacu website: yanayacu.org. Their advice for packing will keep you warm and happy.

Important: *We advise all volunteers to hike in knee-high rubber boots, NOT hiking boots, due to the muddy conditions of the trails. The research station has rubber boots in various sizes that visitors are welcome to borrow; however, there is no guarantee that your size will be available, so we recommend bringing your rubber boots. Researchers will arrange to stop in town to buy boots before reaching Yanayacu. The cost is typically \$12. Be advised that sizes exceeding 11 may not be available.*

- Well worn-in (NOT brand new), comfortable walking shoes or hiking boots (leather hiking boots are not advised)
- Rubber boots
- Lightweight, quick-drying, long-sleeved shirts
- Lightweight, quick-drying pants
- Good rain gear (jacket and pants)
- Warm sweater
- Winter Coat appropriate for freezing temperatures
- Wool socks
- Gloves
- Wool beanie or hat
- Quick dry thermal underwear

CLOTHING/FOOTWEAR FOR LEISURE

- One nicer set of clothing for recreational time, travel, etc.
- Very warm clothing for layering (lined flannel shirts work great!)
- Warm pajamas (i.e., sweatshirt and sweatpants)
- Pair of light shoes or sandals

- Bathing suit

FIELD SUPPLIES

- A small daypack to keep your items together and dry
- Two one-liter water bottles
- Insect repellent
- Headlamp (preferred) or flashlight with extra batteries and bulbs (this is essential for fieldwork at night, to find your way to your room, prevent stepping on animals, and to avoid other hazards)
- Umbrella
- Sunscreen lotion SPF 30+

BEDDING AND BATHING

Note: The project will provide blankets and pillows

- Quick-drying, highly packable bath towel
- Face cloth and/or hand towel

PERSONAL SUPPLIES

- Face masks—enough for the duration of the project
- COVID-19 antigen (rapid) tests
- Personal toiletries
- Hand sanitizer
- Personal first aid kit (e.g., anti-diarrhea pills, Dramamine, Benadryl, antibiotics, antiseptic, itch-relief, allergy meds, pain reliever, bandages, blister covers, etc.) and medications
- Personal medications or other necessities, enough to cover possible time beyond your planned travel days.
- Spending money
- Insect sting kits and/or Epi-Pens if you are allergic to wasp, bee, or ant stings
- Waterproof alarm clock or watch with alarm (you must be able to get yourself up in the morning and can't count on your roommates having alarms)
- Camping/ outdoor blanket
- Toilet paper—toilet paper is not always available in public restrooms

OPTIONAL ITEMS

- Travel guides or guidebooks, especially bird books
- Favorite snack foods
- Sunglasses
- Compass
- Binoculars
- Duct tape (always handy!)
